Date/Location: 19-02-2020, NSU StudyHall

Attendees: ANE, TH, AAN, NA

Start Time: 2.45 pm

End Time: 3.20 pm

Decisions
=========
* We have decided to use C++ language for our project.

* Since we are using C++ language for our project, so we will use PHP as our framework & MySQL database.

* All of us have been added to Slack channel, Trello board & Github repository.

Actions
=======
1. To search minimum two most suitable coding documentation.

2. To find most meaningful code standard so that everyone can understand the project.
3. To upload all completed file to Github repository.

Action	Allocated team member(s)	deadline
Action-1	TH,ANE	24/02/2020
Action-2	AAN,NA	24/02/2020
Action-3	AAN,ANE,TH	25/02/2020
